### **REMARKS**

Claims 1-14 are pending in the present application.

The Examiner has required an election in the present application between:

Species I, drawn to the subject matter of paragraphs [0005] and [0006]; and

Species II, drawn to the subject matter of paragraph [0007];

Species III, drawn to the subject matter of paragraph [0008]; and

Species IV, drawn to the subject matter of paragraphs [0009].

The Examiner states that claim 1 is generic.

**For the purpose of examination of the present application, Applicants elect, with traverse, Species I, claims 1, 4, 5, 6, 11, 12, and 13.**

### **TRAVERSAL**

It is respectfully submitted that the election of species requirement is improper in view of the fact that a reasonable number of species is set forth in the present application. If the Examiner considers generic claim 1 as being allowable, then all of the claims should be examined in a single application.

The Examiner is respectfully requested to reconsider her election of species requirement and act on all of the claims in the present application. If the Examiner does persist in her election of species requirement, the Applicants reserve the right to file one or more divisional applications directed to the non-elected claims at a later date if they so desire.
